Special Points to Know

- * We have 30 Districts from a possible 39 and Canada is staying just 3 Regions
- * We are at 1965 Households
- * That is 3550 Members
- * Planning is progressing on our 1st Ride-In Annual Rally
- * Charter Members patches will be out by January 2023

What does it take to be a business partner? Someone you can trust to have your back and share in the joy of success. Someone who shares their opinion openly even if it hurts a little. Shares the vision of what can be. This is who I have in my partner Bruce and Barb Beeman and who I have in a husband JR. I am one very blessed and lucky lady!

When I asked Bruce and Barb to join me, I told them we were each in 110%. Neither of us are a boss, we are partners. Asking one of us is asking both of us.

Our team is full of leadership, experience, ideas and dedication to the membership and the future.

And most importantly, we have you! Thank you for sharing this experience with us and helping us become the association of the future.

We are always open to your thoughts. Please share either through a focus group or email us as we want to hear from you as we can't always catch everything that is posted on Facebook (FB).

Also, we have two FB pages. One is open to the public, Eagle Wings Motorcycle Association. The other is members only and is where we will share more openly. That's

Eagle Wings Motorcycle Members.

If you're not on the Members FB page, ask to be. Please don't invite folks to this page if they are not members as we have to deny them and that could leave a bad taste in their mouth about EWMA. Thanks for that.

We are excited as things continue to develop and are glad you're here to share with us.

Anita and Bruce are so pleased to announce that Mike Melton has joined the team as the Director of Technology and Communications. Mike has been working on the website, this publication and more. He is now doing the calendar.

Email Mike at: meltong@homesc.com

4/27-4/29 TN District Spring Fling

More events are located on our website. If your event is not listed, please email Mike at eaglewings.web@gmail.com

EWMA Safety Mission Statement

To promote an atmosphere and space to encourage the sharing of safety tips, education and on bike skill exercises for the riders and co-riders. We will do this through EWMA developed seminars, on bike games, skill exercises and promotion of safety talks and tips.

Goals

Our riders and co-riders commit to dressing and riding with safety in mind. All The Gear All The Time - "ATGATT".

We are not the safety police so we will insist all riders and co-riders abide by state and federal laws at a minimum.

Willingness to share with each other experiences, tips, ideas, add-ons for the bike and clothing recommendations.

The atmosphere of the entire association adopts a safety-first attitude.

Willingness of all members to participate in honing their riding and safety skills thru skill exercises and games.

Supporting first aid/CPR to keep each other protected in time of need.

The understanding that your safety is your responsibility and that we support that thru our members attitude of safety.

"Friends for Fun, Safety and Riding"

By Bill and Cheryl Smith, VP Safety/Ride Coordination

Friends for FUN, Safety and Riding! Our position in Eagle Wings Motorcycle Association, Vice President of Safety / Ride Coordination, is right out there in the EWMA Motto! Even the FUN part!

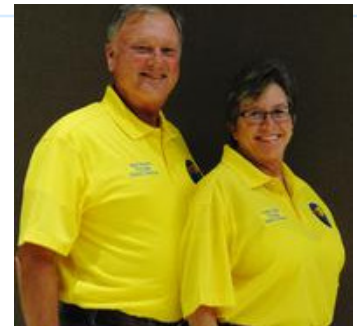

We are also the District Directors of Florida, the FUNshine State! As for the Friends part – most of us have been friends for many years and many of our friends have become a part of our Motorcycle Family! And it's always been about the Ride!

All of us have been working diligently on creating seminars concentrating on Safety. Our Safety Seminar Team of Clara Boldt and Bob Hicks have come up with some excellent Safety

Tips to use before a ride, Safety Talks at a Chapter Social and Seminars you can use at a Rally or Event! Most of these will be available by the first of the year! None of them require special training to share and teach.

EWMA has been certified as a HSI First Aid-CPR Training Center so we will be offering these classes to the membership so you stay up to date on what to do in case of an emergency.

Other riding skill enhancement FUN activities include motorcycle games for 1up and 2 up, for 2 wheels, trikes, and sidecar bikes. These games will be offered at the EWMA International Ride-In coming up in 2023 and will also be made

available for the Regions, Districts and Chapters to have FUN with before then!

Thanks for joining us on this next great ride and adventure!
